

April 27, 2010 **Marina Bay Sands** open its door to welcome its first guests. **Marina Bay Sands** is an integrated resort fronting Marina Bay in Singapore. Developed by Las Vegas Sands, it is billed as the world's most expensive standalone casino property at S\$8 billion (US\$5.7 billion), including cost of the prime land.

We are greatly proud that Pangu Decorative wall panel been selected to decorate one of the hallway which cover the area around 12000 square meter. The pattern was specified by Singapore Government that design from Pangu.
